

"Minimize Import Financing cost with Expert Consultation & Negotiation"!

At SMR Corporate Service P Ltd, we pride ourselves on being pioneers in facilitating foreign funds for Indian importers since our inception in February 2010. With a steadfast commitment to providing cost-effective financing solutions, we've earned a reputation for excellence in the industry.

Our core expertise lies in arranging foreign funds against Bank Guarantees (BG), Standby Letters of Credit (SBLC), and Letters of Credit (LC), all at the most competitive rates as per the latest RBI notification dated March 13, 2019 (RBI/2018-2019/140 A.P. (DIR Series) Circular No. 23).

Navigating the complexities of international trade finance, we ensure our clients receive tailored funding arrangements, perfectly suited to their unique requirements. Our clientele spans diverse industries, including timber, chemicals, metals, electronics, renewable energy projects, and more.

What sets us apart is our unparalleled competitiveness. Unlike regular banks, we negotiate each deal directly with foreign banks to secure the best possible terms for our clients.

By accessing foreign funds at highly competitive rates, companies gain a significant edge in the market. This enables them to increase sales by achieving better margins and outperforming competitors.

Our financing solution isn't just beneficial for Indian importers; it also benefits foreign exporters. By arranging funds for buyers in India at rates as low as 5.5% to 6% per annum, exporters receive immediate payments while importers enjoy low-rate credit from our bank.
